Financial Year End

31 December

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The Kenyan Companies Act, 2015 requires the Directors to prepare financial statements for each financial year that give a true and fair view of the financial position of the Company and of its financial performance and cash flows for that period.

The Directors are responsible for ensuring that the Company maintains proper accounting records that disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with International Financial Reporting Standards (IFRS), the Companies Act, 2015 and other applicable regulatory requirements.

In preparing the financial statements, the Directors are required to:

- Select suitable accounting policies and apply them consistently;
- Make judgments and estimates that are reasonable and prudent;
- State whether applicable IFRS Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for safeguarding the assets of the Company and for taking reasonable steps for the prevention and detection of fraud, error and other irregularities. They are also responsible for establishing and maintaining effective systems of internal control and risk management appropriate to the nature, size and complexity of the Company's operations.

The Directors confirm that, to the best of their knowledge, the financial statements for the year ended 31 December 2025 have been prepared in accordance with IFRS Accounting Standards and the requirements of the Companies Act, 2015 and give a true and fair view of the financial position of the Company as at that date and of its financial performance and cash flows for the year then ended.

The Directors further confirm that they have made an assessment of the Company's ability to continue as a going concern and have no reason to believe that the Company will not remain a going concern for at least the next twelve months from the date of approval of these financial statements.

Approved by the Board of Directors and signed on its behalf by:

Dr. Sonvir Singh

Managing Director

Date: _____

The Directors have pleasure in presenting their Report together with the Audited Financial Statements of Shri Krishana Overseas PLC for the financial year ended 31 December 2025.

Principal Activity

The principal activity of the Company is the manufacture and sale of corrugated cartons, packaging products and related packaging solutions serving diverse sectors including horticulture, floriculture, pharmaceuticals, fast-moving consumer goods (FMCG), agriculture and industrial manufacturing.

Business Review

During the year under review, the Company continued to strengthen its position within Kenya's packaging industry through strategic investments in production capacity, operational efficiency and market expansion.

Revenue increased from KES 309 million in 2024 to KES 351 million in 2025, representing growth of approximately 13.5%. This growth was supported by increased demand across key customer segments and continued expansion of the Company's manufacturing capabilities.

The Company continued to invest in modern production equipment, information technology systems and workforce development while advancing the development of its Kisaju manufacturing facility, a key strategic project expected to significantly enhance production capacity and support future growth.

Despite strong revenue growth, profitability was impacted by higher input costs, increased financing expenses and costs associated with scaling operations and transitioning into a publicly listed company.

Corporate Governance

The Board remains committed to maintaining the highest standards of corporate governance, transparency, accountability and ethical conduct. During the year, the Board continued to provide strategic oversight while ensuring compliance with applicable laws, regulations, the CMA Code of Corporate Governance Practices for Issuers of Securities to the Public and the Company's internal governance framework.

The Board recognizes that sound governance practices are fundamental to sustainable value creation and long-term stakeholder confidence.

Dividend

The Directors do not recommend the payment of a dividend for the year ended 31 December 2025 in order to preserve resources for ongoing capital investment and future growth initiatives.

Going Concern

The Directors have assessed the Company's financial position, operating performance and future prospects and are satisfied that the Company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, the financial statements have been prepared on a going concern basis.

Auditors

The auditors, Parkash Associates, Certified Public Accountants, have expressed their willingness to continue in office in accordance with the provisions of the Companies Act, 2015.

By Order of the Board

Dr. Sonvir Singh

A handwritten signature in blue ink, appearing to read 'Sonvir', is written over a horizontal line.

VISION

At SKL Group, we aspire to be leaders in excellence, delivering beyond the borders of East Africa. Our vision is anchored in satisfying the unique and evolving needs of our customers through innovative, high-quality, and affordable packaging solutions.

MISSION

To deliver innovative, high-quality, and cost-effective packaging solutions. We strive to redefine industry standards by seamlessly combining creativity and superior quality. Beyond meeting immediate packaging needs, we anticipate and innovate, ensuring every solution reflects our commitment to reliability and unparalleled quality. Our three guiding principles are a customer-centric approach, cutting-edge solutions leveraging the latest technologies, and an unwavering commitment to sustainability.

CORE VALUES

- Crafting Quality Solutions
- Packaging & Printing
- Trusted by Diverse Industries, Your Success is Our Success
- Commitment to Quality and Innovation
- Sustainability as a Guiding Principle

Dear Shareholders,

On behalf of the Board of Directors, I am pleased to present the Annual Report and Financial Statements of Shri Krishana Overseas PLC for the financial year ended 31 December 2025.

The year under review was marked by resilience, strategic investment, and sustained growth despite a challenging operating environment characterized by tight liquidity conditions and rising input costs.

The Company recorded revenue growth of 13.5%, increasing from KES 309 million in 2024 to KES 351 million in 2025. This performance reflects the strength of our customer relationships, increased production capacity, and continued demand across key sectors including horticulture, pharmaceuticals, FMCG, dairy, and confectionery.

During the year, the Company continued investing in operational efficiency, production equipment, and digital systems to support long-term scalability and competitiveness. Significant progress was also made on the Kisaju manufacturing project, which remains central to our long-term expansion strategy.

Corporate governance remains a key pillar of our business. The Board remains committed to maintaining high standards of transparency, accountability, ethical leadership, and regulatory compliance in line with the Capital Markets Authority requirements and best governance practices.

As we move into 2026, we remain cautiously optimistic about the future and confident in our strategic direction, operational capabilities, and growth prospects.

On behalf of the Board, I wish to thank our shareholders, customers, employees, regulators, financiers, and business partners for their continued trust and support.

Sureshkumar H. Patel

Chairman

The year 2025 was transformational for Shri Krishana Overseas PLC as the Company continued to strengthen its position within Kenya's packaging industry.

Revenue increased to KES 351 million from KES 309 million in the previous year, driven by increased market demand and strategic investments in production capacity. Growth was particularly notable during the fourth quarter following installation of additional equipment and operational improvements.

Despite strong revenue growth, the Company experienced margin pressure due to increased raw material costs and changes in tax policy affecting manufacturing input costs. EBITDA declined from KES 40 million to KES 23 million.

The Company continued implementing strategic investments aimed at positioning the business for long-term growth. This included:

- Investment in production equipment;
- Upgrading internal IT and administration systems;
- Workforce expansion in preparation for increased capacity; and
- Continued development of the Kisaju manufacturing facility.

The Kisaju Project remains a major milestone for the Company and is expected to significantly increase annual production capacity upon commissioning.

We remain focused on operational efficiency, customer satisfaction, sustainability, and innovation as we continue building a scalable and competitive packaging business.

Dr. Sonvir Singh

A handwritten signature in blue ink, appearing to read 'Sonvir', is written over a light blue horizontal line.

Managing Director

Shri Krishna Overseas PLC (often branded as SKL or Shri Krishana Overseas PLC) is a Kenyan manufacturing company specializing in corrugated packaging, carton boxes, and related packaging materials. Based in Nairobi, it serves industries including floriculture, horticulture, pharmaceuticals, and fast-moving consumer goods (FMCG). The company gained national attention by becoming one of the newest listings on the Nairobi Securities Exchange (NSE) in 2025 and the first packaging company to join the exchange.

BUSINESS OPERATIONS

SKL manufactures a range of packaging products, including corrugated cartons, die-cut boxes, flower-export packaging, archive boxes, SFK paper, and Kraft paper. The company positions itself as a supplier of packaging solutions for businesses across Kenya and East Africa, with a focus on product protection, logistics efficiency, and sustainable packaging practices.

HISTORY AND GROWTH

The company was founded in 2009 and moved into manufacturing operations in 2014. Over time it expanded from a small enterprise into a significant participant in Kenya's packaging industry. Management has pursued an ambitious growth strategy centered on expanding production capacity through a new manufacturing facility in Kajiado County (Kisaju), intended to support growing demand from export-oriented and consumer-goods sectors.

NSE LISTING

A major milestone came in July 2025 when SKL listed 50.5 million shares on the SME segment of the Nairobi Securities Exchange through a listing by introduction. The listing was notable because it was the first new NSE listing since 2020 and the first packaging company to be listed on the exchange. The move was designed to improve visibility, provide liquidity for shareholders, and support future growth initiatives.

RECENT FINANCIAL AND STRATEGIC CONTEXT

The company reported revenue growth in 2025 but also faced profitability pressure from expansion costs, financing expenses, and higher operating costs associated with scaling production and being a listed company. Much of its current strategy revolves around increasing manufacturing capacity and capturing a larger share of Kenya's growing packaging market.

KEY FACTS

Item	Details
Industry	Packaging & Corrugated Cartons
Founded	2009
Headquarters	Nairobi, Kenya
NSE Ticker	SKL
Main Products	Corrugated boxes, carton packaging, Kraft paper, SFK paper

CORPORATE GOVERNANCE DISCLOSURES STATEMENT

The Board of Directors of Shri Krishana Overseas PLC (“the Company” or “SKL”) recognizes that effective corporate governance is fundamental to sustainable business success, long-term value creation, investor confidence, and stakeholder trust.

CORPORATE GOVERNANCE STATEMENTS

1. BOARD LEADERSHIP AND GOVERNANCE FRAMEWORK

The Company is committed to maintaining high standards of corporate governance as a foundation for sustainable growth, accountability, and long-term value creation. The Board provides strategic leadership and oversight while ensuring that the Company operates in accordance with applicable laws, regulations, and governance best practices.

To promote an appropriate balance of authority, accountability, and independent oversight, the roles of Chairman and Managing Director are separated and clearly defined. The Chairman provides leadership to the Board, promotes effective governance practices, and facilitates constructive engagement among Directors to ensure the Board functions effectively. The Managing Director is responsible for the day-to-day management of the Company, implementation of strategy, operational performance, and leadership of the management team.

The Board retains ultimate responsibility for setting the strategic direction of the Company and overseeing its overall performance. Key responsibilities include approving business plans and budgets, overseeing risk management and internal controls, ensuring the integrity of financial reporting, monitoring compliance with legal and regulatory obligations, overseeing succession planning, and safeguarding shareholder interests and Company assets.

2. BOARD MEETINGS AND EFFECTIVENESS

The Board meets regularly in accordance with an approved annual work plan and schedule, with additional meetings convened as necessary to address urgent matters and strategic opportunities. Directors receive timely and comprehensive information before meetings to facilitate informed discussions and effective decision-making.

The Board maintains a transparent and structured process for conducting its affairs, with detailed minutes documenting deliberations, resolutions, and agreed action points. This process promotes accountability and supports effective follow-up on Board decisions.

3. BOARD COMMITTEES

To enhance the efficiency and effectiveness of its oversight responsibilities, the Board operates through specialized Committees with clearly defined Terms of Reference approved by the Board. These Committees assist the Board by undertaking detailed reviews of matters within their respective mandates and reporting their findings, recommendations, and decisions to the Board on a regular basis. The Audit and Risk Committee support the Board in overseeing financial reporting, internal control systems, risk management processes, compliance monitoring, and the effectiveness of both internal and external audit functions. The Committee operates independently and meets regularly throughout the year to discharge its responsibilities.

The Finance and Human Resources Committee assists the Board in overseeing the Company's financial performance, budgetary controls, human capital management, succession planning, staff welfare, remuneration matters, and organizational structure. Through its oversight role, the Committee supports the achievement of sustainable business performance and organizational effectiveness.

The Business Development and Strategy Committee supports the Board in evaluating strategic initiatives, business expansion opportunities, capital investment proposals, market positioning, and long-term growth prospects. The Committee plays an important role in ensuring that the Company remains focused on creating sustainable value for shareholders.

4. DIRECTOR INDUCTION AND CONTINUOUS DEVELOPMENT

The Company recognizes that effective governance requires knowledgeable and well-informed Directors. Newly appointed Directors undergo a formal induction program designed to provide a comprehensive understanding of the Company's operations, governance framework, strategic priorities, and regulatory obligations.

In addition, Directors are encouraged to participate in continuous professional development programs to enhance their governance, financial, regulatory, and industry knowledge. This commitment to ongoing learning supports effective Board decision-making and strengthens the Board's collective capabilities.

5. BOARD EVALUATION

The Board acknowledges the importance of periodic performance evaluations in enhancing effectiveness and promoting continuous improvement. The Board periodically reviews its composition, skills mix, governance structures, committee effectiveness, decision-making processes, and overall performance.

The Company remains committed to institutionalizing formal Board evaluations in line with applicable governance requirements and emerging best practices to ensure the Board continues to operate effectively and deliver value to stakeholders.

6. COMPANY SECRETARY

The Company Secretary plays a critical role in supporting the Board in the discharge of its governance responsibilities. The Company Secretary ensures compliance with statutory and regulatory requirements, facilitates the proper conduct of Board and Committee meetings, maintains statutory records, and promotes effective communication with stakeholders.

The Company Secretary also serves as a trusted adviser to the Board on governance matters and developments in relevant laws, regulations, and governance standards.

7. RISK MANAGEMENT AND INTERNAL CONTROLS

The Board recognizes its responsibility for establishing and maintaining effective systems of risk management, internal control, and compliance monitoring. The Company adopts a risk-based approach to identifying, assessing, monitoring, and mitigating strategic, operational, financial, regulatory, and emerging risks that may affect the achievement of its objectives.

Management provides regular reports to the Board and the Audit and Risk Committee on the Company's risk profile, key risk exposures, and mitigation measures. This framework supports informed decision-making and enhances organizational resilience.

8. ETHICS, INTEGRITY AND COMPLIANCE

The Company is committed to conducting its business with the highest standards of ethics, integrity, and professionalism. To support this commitment, the Board has adopted a comprehensive governance framework that includes key policies such as the Board Charter, Code of Conduct and Ethics, Whistleblowing Policy, Risk Management Policy, Stakeholder Communication Policy, Board Diversity Policy, Board Nomination and Appointment Policy, and Board Remuneration Policy.

The Company maintains a zero-tolerance approach to fraud, corruption, bribery, discrimination, and all forms of unethical conduct. Employees, Directors, and stakeholders are encouraged to uphold these principles in all interactions and business activities.

9. STAKEHOLDER ENGAGEMENT

The Board recognizes that effective stakeholder engagement is essential to long-term business success. The Company maintains constructive relationships with shareholders, regulators, employees, customers, suppliers, lenders, and local communities.

The Board remains committed to transparent communication and the timely disclosure of material information, ensuring that stakeholders receive accurate, balanced, and relevant information regarding the Company's performance and activities.

10. SUSTAINABILITY AND ESG GOVERNANCE

The Board recognizes that Environmental, Social, and Governance (ESG) considerations are integral to sustainable value creation and long-term business resilience. Accordingly, sustainability principles are incorporated into the Company's strategic planning processes, risk management framework, operational decision-making, and stakeholder engagement activities.

The Company's ESG priorities include responsible resource utilization, employee well-being, ethical business practices, community engagement, and strong governance. Through these initiatives, the Company seeks to create positive economic and social impact while maintaining sound governance practices.

11. REGULATORY COMPLIANCE

During the year under review, the Company substantially complied with the requirements of the Companies Act, 2015, the Capital Markets Authority regulations, the Nairobi Securities Exchange listing requirements, and other applicable governance guidelines.

The Board remains committed to continuously strengthening the Company's governance structures, compliance systems, and internal controls to ensure alignment with evolving regulatory requirements and stakeholder expectations.

CONCLUSION

The Board remains steadfast in its commitment to the highest standards of corporate governance, accountability, transparency, and ethical leadership. Through effective oversight, prudent risk management, and responsible stewardship, the Company seeks to protect stakeholder interests, enhance organizational performance, and create sustainable long-term value for its shareholders and other stakeholders.

Shri Krishana Overseas Plc
Report of the directors
For the year ended 31st December 2025

The directors submit their report together with the audited financial statements for the year ended 31st December 2025.

Incorporation

The Company is domiciled in Kenya where it is incorporated as a private company limited by shares under the Kenyan Companies Act. The address of the registered office is set out on page 1.

Directorate

The directors who held office during the year and to the date of this report are set out on page 1.

Principal activities

The principal activity of the Company is that of manufacturing of corrugated boxes.

Recommended dividend

The directors do not recommend the declaration of a dividend for the year (2024: Nil).

Business review

Macroeconomic and sectoral fundamentals remain broadly supportive for the packaging industry, with stable foreign exchange conditions, improved political stability, favourable weather patterns, and continued policy emphasis on local manufacturing.

However, the operating environment has been affected by tight liquidity in the domestic market, driven by delayed payments across the value chain and cautious spending by manufacturers. While order volumes remain steady, slower cash conversion cycles have moderated the pace of growth and required heightened focus on working-capital management as well as risk management.

During the year under review, SKL PLC continued to make strong progress in its core business of manufacturing corrugated boxes for a broad range of clients across various sectors. The Company had a strong 2025 which was generally characterised by strong growth. In each quarter, SKL outperformed the corresponding quarter of 2024 with the bulk of the growth coming in the fourth quarter.

SKL made some key investments in equipment that improved capacity where it was able to immediately take advantage of. This saw a significant jump in revenues in the fourth quarter of 2025. SKL also made an investment in IT systems that will help it improve its administration which is critical for the next stage of growth. In addition, SKL also started hiring in preparation of the additional capacity that is expected to come on

Revenue grew by 13.5%, from KES 309 million in 2024 to KES 351 million in 2025. However, SKL faced a margin squeeze thanks to changes in tax policy causing gross profit to decrease by 10%, reducing from KES 97 million to KES 87 million due to increase in cost of input. EBITA reduced by 43%, from KES 40 million in the prior year to KES 23 million attributed majorly to costs related to being publicly listed in addition to the aforementioned margin squeeze. Cash flow management was notably less strong during the year. Cashflow was impacted by increased receivables, increase in VAT input and, increased inventory holding which was done to take advantage of emerging opportunities and investment in the new project which is progressively consuming additional capital.

Outlook

The Company continues to monitor developments in the Middle East and the impact it is having, now and in the future, on the business.

The Company will continue to pursue strategic initiatives to take advantage of emergent opportunities. It will continue to aggressively market itself in available fora such as trade exhibitions across the East Africa region, enhancing brand visibility and market reach. SKL's long-standing presence and strong relationships with existing clients position the Company well for future growth.

SKL currently enjoys demand from key sectors—including herbs, dairy, edible oils, pharmaceuticals, and sugar & confectionery which continues to grow.

The first quarter of 2026 was encouraging as the growth trend continued and the company is cautiously optimistic that this trend will continue for the remainder of the year. SKL continues to monitor the impact of the developments in the middle e

Kissaju Project

Construction of the Company's new manufacturing plant is progressing well although it is running behind schedule. It is however expected to commence from the third quarter of 2026. As of year-end 2025, capital work in progress stood at KES 131.9 million, the project continues to be supported in part by a long-term loan facility of KES 117.9 million.

Statement as to disclosure to the Company's auditor

With respect to each director at the time this report was approved:

- (a) there is, so far as the director is aware, no relevant audit information of which the Company's auditor is unaware; and
- (b) the director has taken all the steps that the director ought to have taken as a director so as to be aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

Terms of appointment of the auditor

The directors approve the annual audit engagement contract, which sets out the terms of the auditor's appointment and the related fees. The agreed auditor's remuneration of KSh 300,000 has been charged to profit or loss in the year.

By order of the board

 Director

Nairobi 2026

Shri Krishana Overseas Plc
 Statement of directors' responsibilities
 For the year ended 31st December 2025

The Kenyan Companies Act requires the directors to prepare financial statements for each financial year that give a true and fair view of the financial position of the Company as at the end of the financial year and of its profit or loss for that year. It also requires the directors to ensure that the Company keeps proper accounting records that: (a) show and explain the transactions of the Company; (b) disclose, with reasonable accuracy, the financial position of the Company; and (c) enable the directors to ensure that every financial statement required to be prepared complies with the requirements of the Kenyan Companies Act.

The directors accept responsibility for the preparation and presentation of these financial statements in accordance with IFRS Accounting Standards and in the manner required by the Kenyan Companies Act. They also accept responsibility for:

- i) designing, implementing and maintaining internal control as they determine necessary to enable the presentation of financial statements that are free from material misstatement, whether due to fraud or error;
- ii) selecting suitable accounting policies and applying them consistently; and
- iii) making accounting estimates and judgements that are reasonable in the circumstances.

Having made an assessment of the Company's ability to continue as a going concern, the directors are not aware of any material uncertainties related to events or conditions that may cast doubt upon the Company's ability to continue as a going concern.

The directors acknowledge that the independent audit of the financial statements does not relieve them of their responsibilities.

Approved by the board of directors on 2026 and signed on its behalf by:

REPORT OF THE INDEPENDENT AUDITOR
TO THE MEMBERS OF SHRI KRISHANA OVERSEAS PLC

Opinion

We have audited the accompanying financial statements of Shri Krishana Overseas PLC (the Company), set out on pages 6 to 29, which comprise the balance sheet as at 31st December 2025, the profit and loss account and statements of comprehensive income, changes in equity and cash flows for the year then ended, and notes, including material accounting policy information.

In our opinion the accompanying financial statements give a true and fair view of the financial position of the Company as at 31st December 2025 and of its financial performance and cash flows for the year then ended in accordance with IFRS Accounting Standards and the requirements of the Kenyan Companies Act.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Kenya, and we have fulfilled our ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The directors are responsible for the other information. Other information comprises the information in the reports accompanying the Annual Financial Statements, other than our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon, other than that prescribed by the Kenyan Companies Act, as set out below.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Directors' responsibility for the financial statements

The directors are responsible for the preparation of financial statements that give a true and fair view in accordance with IFRS Accounting Standards and the requirements of the Kenyan Companies Act, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

REPORT OF THE INDEPENDENT AUDITOR
TO THE MEMBERS OF SHRI KRISHANA OVERSEAS PLC (CONTINUED...)

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of the auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on other matters prescribed by the Kenyan Companies Act

In our opinion the information given in the report of the directors on page 2 is consistent with the financial statements.

The engagement partner responsible for the audit resulting in this independent auditor's report is CPA Kartik Radhakrishnan, Practising Certificate No. 1518.

NOTES

1. General information

Shri Krishana Overseas Limited (the "Company") is domiciled in Kenya where it is incorporated under the Kenyan Companies Act, as a private company limited by shares. The address of its registered office and its principal place of business is LR.209/1563/2, Dev. House Rumi Road, South C, P.O. Box 6138 - 00100 Nairobi, Kenya. The principal activity of the Company is that of manufacturing of corrugated boxes.

2. Material accounting policy information

The accounting policy information considered material in the preparation of these financial statements is set out below:

a) Basis of preparation

The financial statements are prepared on a going concern basis and in compliance with International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board. They are presented in Kenyan Shillings, which is also the functional currency.

The financial statements comprise a profit and loss account (statement of profit or loss), balance sheet (statement of financial position), statement of changes in equity, statement of cash flows, and notes. Income and expenses are recognised in the profit and loss account. Transactions with the owners of the Company in their capacity as owners are recognised in the statement of changes in equity.

Measurement basis

The measurement basis used is the historical cost basis except where otherwise stated in the material accounting policy information summarised below.

Under the historical cost basis, assets are recorded at the amount of cash or cash equivalents paid or the fair value of the consideration given to acquire them at the time of their acquisition. Liabilities are recorded at the amount of proceeds received in exchange for the obligation or, in some cases, at the amounts of cash or cash equivalents expected to be paid to satisfy the liability in the normal course of business.

For those assets and liabilities measured at fair value, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When measuring the fair value of an asset or a liability, the Company uses market observable data as far as possible. If the fair value of an asset or a liability is not directly observable, it is estimated by the Company using valuation techniques that maximise the use of relevant observable inputs and minimise the use of unobservable inputs (e.g. by use of the market comparable approach that reflects recent transaction prices for similar items or discounted cash flow analysis). Inputs used are consistent with the characteristics of the asset/liability that market participants would take into account.

Fair values are categorised into three levels in a fair value hierarchy based on the degree to which the inputs to the measurement are observable and the significance of the inputs to the fair value measurement in its entirety:

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Transfers between levels of the fair value hierarchy are recognised by the Company at the end of the reporting period during which the change occurred.

NOTES (CONTINUED)

2. Material accounting policy information (continued)

b) New and revised standards

i) Adoption of new and revised standards

One amendment to Standards became effective for the first time in the financial year beginning 1st January 2025 and have been adopted by the Company.

None of the amendments have had a material impact on the Company's financial statements.

b) New and revised standards (continued)

ii) New and revised standards that have been issued but are not yet effective

The Company has not applied any of the new or revised Standards that have been published but are not yet effective for the year beginning 1st January 2025, and the Directors do not plan to apply any of them until they become effective. Note 24 lists all such new or revised standards and interpretations, with their effective dates and expected impact.

c) Translation of foreign currencies

On initial recognition, all transactions are recorded in the functional currency (the currency of the primary economic environment in which the Company operates), which is Kenya Shillings.

Transactions in foreign currencies during the year are converted into the functional currency using the exchange rate prevailing at the transaction date. Monetary assets and liabilities at the balance sheet date denominated in foreign currencies are translated into the functional currency using the exchange rate prevailing as at that date. The resulting foreign exchange gains and losses from the settlement of such transactions and from year-end translation are recognised on a net basis in the profit and loss account in the year in which they arise.

d) Revenue recognition

Revenue from sale of products is recognised by reference to the period in which the product is delivered to the customer. Revenue is measured at the fair value of the consideration received or receivable, net of discounts and sales-related taxes collected on behalf of the Government of Kenya.

e) Other income

Interest income is recognised on a time proportion basis using the effective interest method. Once a financial asset is identified as credit-impaired (see Note 4(a)(i)), the effective interest rate is applied to the amortised cost (net of impairment losses) in subsequent reporting periods.

f) Borrowing costs

Borrowing costs, net of any temporary investment income on those borrowings, that are attributable to acquisition, construction or production of a qualifying asset are capitalised as part of the asset. The net borrowing cost capitalised is either the actual borrowing cost incurred on the amount borrowed specifically to finance the asset; or in the case of general borrowings, the borrowing cost is determined using the overall weighted average cost of the borrowings on all outstanding borrowings during the year less any specific borrowings directly attributable to the asset and applying this rate to the borrowing attributable to the asset. Capitalisation of borrowing costs ceases when all activities necessary to prepare the qualifying asset for its intended use or sale are complete. All other borrowing costs are recognised in the profit and loss account in the year in which they are incurred.

NOTES (CONTINUED)

2. Material accounting policy information (continued)

g) Income tax

Income tax expense is the aggregate amount charged/(credited) in respect of current tax and deferred tax in determining the profit or loss for the year. Tax is recognised in the profit and loss account except when it relates to items recognised in other comprehensive income, in which case it is also recognised in other comprehensive income, or to items recognised directly in equity, in which case it is also recognised directly in equity.

Current tax

Current tax is the amount of income tax payable on the taxable profit for the year, and any adjustment to tax payable in respect of prior years, determined in accordance with the Kenyan Income Tax Act.

Deferred income tax

Deferred tax is determined for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes, using tax rates and laws enacted or substantively enacted at the balance sheet date and expected to apply when the asset is recovered or the liability is settled.

The measurement of deferred tax assets and liabilities reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets or liabilities.

Deferred tax liabilities are recognised for all taxable temporary differences, except those arising on the initial recognition of an asset or liability, other than through a business combination, that at the time of the transaction affects neither the accounting nor taxable profit or loss.

Deferred tax assets are recognised only to the extent that it is probable that future taxable profits will be available against which temporary differences can be utilised. Recognised and unrecognised deferred tax assets are reassessed at the end of each reporting period and, if appropriate, the recognised amount is adjusted to reflect the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

h) Ordinary share capital, preference share capital and share premium

Ordinary shares are recognised at par value and classified as 'share capital' in equity. Any amounts received from the issue of shares in excess of the par value is classified as 'share premium' in equity.

i) Financial instruments

Initial recognition

Financial instruments are recognised when, and only when, the Company becomes party to the contractual provisions of the instrument. All financial assets are recognised initially using the trade date accounting which is the date the Company commits itself to the purchase or sale.

NOTES (CONTINUED)

2. Material accounting policy information (continued)

i) Financial instruments (continued)

Classification

The Company classifies its financial instruments into the following categories:

- i) Financial assets that are held within a business model whose objective is to hold assets in order to collect contractual cash flows, and for which the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding, are classified and measured at amortised cost; and
- ii) All other financial liabilities are classified and measured at amortised cost.

Financial instruments held during the year were classified as follows:

- Demand and term deposits with banking institutions and trade and other receivables were classified as at amortised cost; and
- Borrowings and trade and other liabilities were classified at amortised cost.

Initial measurement

On initial recognition:

- i) Trade receivables are measured at their transaction price.
- ii) All other categories of financial assets and financial liabilities are measured at the fair value plus or minus transaction costs that are directly attributable to the acquisition.

Subsequent measurement

Financial assets and financial liabilities after initial recognition are measured either at amortised cost, at fair value through other comprehensive income, or at fair value through profit or loss according to their classification.

Interest income exchange gains and losses on monetary items are recognised in profit or loss.

Fair value is determined as set out in Note 2(a). Amortised cost is the amount at which the financial asset or liability is measured on initial recognition minus principal repayments, plus or minus the cumulative amortisation using the effective interest method of any difference between the initial amount and the maturity amount and, for financial assets, adjusted for any loss allowance.

NOTES (CONTINUED)

2. Material accounting policy information (continued)

i) Financial instruments (continued)

Impairment

The Company recognises a loss allowance for expected credit losses on debt instruments that are measured at amortised cost or at fair value through other comprehensive income. The loss allowance is measured at an amount equal to the lifetime expected credit losses for trade receivables and for financial instruments for which: (a) the credit risk has increased significantly since initial recognition; or (b) there is observable evidence of impairment (a credit-impaired financial asset). If, at the reporting date, the credit risk on a financial asset other than a trade receivable has not increased significantly since initial recognition, the loss allowance is measured for that financial instrument at an amount equal to 12-month expected credit losses. All changes in the loss allowance are recognised in profit or loss as impairment gains or losses.

Lifetime expected credit losses represent the expected credit losses that result from all possible default events over the expected life of a financial instrument. 12-month expected credit losses represent the portion of lifetime expected credit losses that result from default events on a financial asset that are possible within 12 months after the reporting date.

Expected credit losses are measured in a way that reflects an unbiased and probability-weighted amount determined by evaluating a range of possible outcomes, the time value of money, and reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

Presentation

All financial assets are classified as non-current except those that are held for trading, those with maturities of less than 12 months from the balance sheet date, those which management has the express intention of holding for less than 12 months from the balance sheet date or those that are required to be sold to raise operating capital, in which case they are classified as current assets.

All financial liabilities are classified as non-current except those held for trading, those expected to be settled in the Company's normal operating cycle, those payable or expected to be paid within 12 months of the balance sheet date and those which the Company does not have an unconditional right to defer settlement for at least 12 months after the balance sheet date.

Derecognition/write off

Financial assets are derecognised when the rights to receive cash flows from the financial asset have expired, when the Company has transferred substantially all risks and rewards of ownership, or when the Company has no reasonable expectations of recovering the asset.

NOTES (CONTINUED)

2. Material accounting policy information (continued)

j) Leases

Leases under which the Company is the lessee

On the commencement date of each lease (excluding leases with a term, on commencement, of 12 months or less and leases for which the underlying asset is of low value) the Company recognises a right-of-use asset and a lease liability.

The lease liability is measured at the present value of the lease payments that are not paid on that date. The lease payments include fixed payments, variable payments that depend on an index or a rate, amounts expected to be payable under residual value guarantees, and the exercise price of a purchase option if the Company is reasonably certain to exercise that option. The lease payments are discounted at the interest rate implicit in the lease. If that rate cannot be readily determined, the company's incremental borrowing rate is used.

For leases that contain non-lease components, the Company allocates the consideration payable to the lease and non-lease components based on their relative stand-alone components.

The right-of-use asset is initially measured at cost comprising the initial measurement of the lease liability, any lease payments made on or before the commencement date, any initial direct costs incurred, and an estimate of the costs of restoring the underlying asset to the condition required under the terms of the lease.

Subsequently the lease liability is measured at amortised cost, subject to remeasurement to reflect any reassessment, lease modifications, or revised fixed lease payments.

All other right-of-use assets are subsequently measured at cost less accumulated depreciation and any accumulated impairment losses, adjusted for any remeasurement of the lease liability. Depreciation is calculated using the straight-line method to write down the cost of each asset to its residual value over its estimated useful life. If ownership of the underlying asset is not expected to pass to the Company at the end of the lease term, the estimated useful life would not exceed the lease term.

For leases with a term, on commencement, of 12 months or less and leases for which the underlying asset is of low value, the total lease payments are recognised in profit or loss on a straight-line basis over the lease period.

k) Provisions for liabilities

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount of the obligation can be made.

l) Post-employment benefit obligations

The Company and its employees contribute to the National Social Security Fund (NSSF), a national defined contribution scheme. Contributions are determined by local statute and the company's contributions are charged to the profit and loss account in the year to which they relate.

NOTES (CONTINUED)

2. Material accounting policy information (continued)

m) Property and equipment

All categories of property and equipment are initially recognised at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses. Cost includes expenditure directly attributable to the acquisition of the assets. Computer software, including the operating system, that is an integral part of the related hardware is capitalised as part of the computer equipment.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that it will increase the future economic benefits associated with the item that will flow to the Company over those originally assessed and the cost of the item can be measured reliably. Repairs and maintenance expenses are charged to the profit and loss account in the year in which they are incurred.

Depreciation is calculated using the straight line method to write down the cost amount of each asset to its residual value over its estimated useful life.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date.

Gains and losses on disposal of property and equipment are determined by reference to their carrying amount and are taken into account in determining operating profit.

n) Intangible assets

Software licence costs and computer software that are not an integral part of the related hardware are initially recognised at cost, and subsequently carried at cost less accumulated amortisation and accumulated impairment losses. Costs that are directly attributable to the production of identifiable computer software products controlled by the Company are recognised as intangible assets. Amortisation is calculated using the straight line method to write down the cost of each licence or item of software to its residual value over its estimated useful life.

o) Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined using the first-in first-out (FIFO) method. The Company only have fuel as inventory. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

p) Cash and cash equivalents

Cash and cash equivalents include cash in hand and demand and term deposits, with maturities of three months or less from the date of acquisition, that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

q) Comparatives

Where necessary, comparative figures have been adjusted to conform with changes in presentation in the current year.

NOTES (CONTINUED)

3. Significant judgements and key sources of estimation uncertainty

In the process of applying the accounting policies adopted by the Company, the directors make certain judgements and estimates that may affect the amounts recognised in the financial statements. Such judgements and estimates are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the current circumstances. However, actual results may differ from those estimates. The judgements and estimates are reviewed at each financial reporting date to ensure that they are still reasonable under the prevailing circumstances based on the information available, and any revisions to such judgements and estimates are recognised in the year in which the revision is made.

a) Significant judgements made in applying the Company's accounting policies

The judgements made by the directors in the process of applying the Company's accounting policies that have the most significant effect on the amounts recognised in the financial statements include:

- i) Whether it is probable that future taxable profits will be available against which temporary differences can be utilised (see Note 17);
- ii) whether credit risk on financial assets has increased significantly since initial recognition; and
- iii) how to determine the incremental borrowing rate used in the discounting of lease liabilities.

b) Key sources of estimation uncertainty

Key assumptions made about the future and other sources of estimation uncertainty that have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities within the next financial year include:

i) Useful life of property and equipment

Critical estimates are made by management in determining depreciation rates and timing of capitalisation of the assets.

4. Nature and extent of risks arising from financial instruments

a) Financial risk management

The Company's activities expose it to a variety of financial risks including credit, liquidity and market risks. The Company's overall risk management policies are set out by the board and implemented by the management, and focus on the unpredictability of changes in the business environment and seek to minimise the potential adverse effects of such risks on the Company's performance by setting acceptable levels of risk. The Company does not hedge against any risks.

i) Credit risk and expected losses

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. Credit risk mainly arises from financial assets, and is managed on a company-wide

Credit risk on trade receivables is managed by ensuring that credit is extended to customers with an established credit history. The credit history is determined by taking into account the financial position, past experience and other relevant factors. Credit is managed by setting a credit limit and credit period for each customer. The utilisation of the credit limits and the credit period is monitored by management on a monthly basis.

NOTES (CONTINUED)

4. Nature and extent of risks arising from financial instruments (continued)

a) Financial risk management (continued)

i) Credit risk and expected losses (continued)

In assessing whether the credit risk on a financial asset has increased significantly, the company compares the risk of default occurring on the financial asset as at the reporting date with the risk of default occurring on that financial asset as at the date of initial recognition. In doing so, the Company considers reasonable and supportable information that is indicative of significant increases in credit risk since initial recognition and that is available without undue cost or effort. There is a rebuttable assumption that the credit risk on a financial asset has increased significantly since initial recognition when contractual payments are more than 30 days past due.

For these purposes default is defined as having occurred if the debtor is in breach of contractual obligations, or information is available internally or externally that suggests that the debtor is unlikely to be able to meet its obligations. However, there is a rebuttable assumption that default does not occur later than when a financial asset is 90 days past due.

If the Company does not have reasonable and supportable information to identify significant increases in credit risk and/or to measure lifetime credit losses when there has been a significant increase in credit risk on an individual instrument basis, lifetime expected credit losses are recognised on a collective basis. For such purposes, the Company groups financial assets on the basis of shared credit risk characteristics, such as:

- type of instrument
- industry in which the debtor operates
- nature of collateral.

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Evidence that a financial asset is credit impaired include observable data about the following events:

- significant financial difficulty of the debtor
- a breach of contract
- it is probable that the debtor will enter bankruptcy
- the disappearance of an active market for the financial asset because of financial difficulties.

The gross carrying amount of financial assets with exposure to credit risk at the balance sheet date was as follows:

Basis for measurement of loss allowance	12-month expected credit losses	Lifetime expected credit losses (see note below)			Total
		(a)	(b)	(c)	
	KSh	KSh	KSh	KSh	KSh

NOTES (CONTINUED)

4. Nature and extent of risks arising from financial instruments (continued)

a) Financial risk management (continued)

i) Credit risk and expected losses (continued)

Basis for measurement of loss allowance	12-month expected credit losses	Lifetime expected credit losses (see note below)			Total KSh
		(a)	(b)	(c)	
	KSh	KSh	KSh	KSh	KSh
At 31st December 2024					
Other receivables	73,460,323	49,636,014	-	-	123,096,337
Cash and cash equivalents	2,331,086	-	-	-	2,331,086
Gross carrying amount	75,791,409	49,636,014	-	-	125,427,423
Loss allowance	-	-	-	-	-
Exposure to credit risk	<u>75,791,409</u>	<u>49,636,014</u>	<u>-</u>	<u>-</u>	<u>125,427,423</u>

Financial assets for which the loss allowance has been measured at an amount equal to lifetime expected credit losses have been analysed above based on their credit risk ratings as follows:

- financial assets for which credit risk has increased significantly since initial recognition but that are not credit impaired;
- financial assets that are credit impaired at the balance sheet date; and
- trade receivables, contract assets and lease receivables for which the loss allowance is always measured at an amount equal to lifetime expected credit losses, based, as a practical expedient, on provision matrices.

ii) Liquidity risk

Liquidity risk is the risk that the company will encounter difficulty in meeting obligations associated with financial liabilities. The board has developed a risk management framework for the management of the Company's short, medium and long-term liquidity requirements thereby ensuring that all financial liabilities are settled as they fall due. The company manages liquidity risk by continuously reviewing forecasts and actual cash flows, and on its related parties within the group to cover any shortfalls.

The table below summarises the maturity analysis for financial liabilities to their remaining contractual maturities. The amounts disclosed are the contractual undiscounted cash flows.

Shri Krishana Overseas Plc
 Financial statements
 For the year ended 31st December 2025

NOTES (CONTINUED)

4. Nature and extent of risks arising from financial instruments (continued)

a) Financial risk management (continued)

ii) Liquidity risk (continued)

	Less than one month KSh	Between 1-3 months KSh	Between 3-12 months KSh	Over 1 year KSh
31st December 2025				
Trade and other payables	2,292,327	71,564,552	39,580,175	-
Borrowings	-	42,371,333	-	120,000,557
	<u>2,292,327</u>	<u>113,935,885</u>	<u>39,580,175</u>	<u>120,000,557</u>
31st December 2024				
Trade and other payables	9,778,140	27,321,978	49,309,160	-
Borrowings	0	35,986,859	-	71,884,251
	<u>9,778,140</u>	<u>63,308,837</u>	<u>49,309,160</u>	<u>71,884,251</u>

iii) Market risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate because of changes in market price and comprises three types of risks: currency risk, interest rate risk and other price risk. The Company is only exposed to currency risk.

Currency risk

Currency risk arises on financial instruments denominated in foreign currency. The Company has cash and cash equivalents, trade payables and borrowings that are denominated in foreign currency.

	USD KSh	Euro KSh	Other KSh	Total KSh
Year ended 31st December 2025				
Cash and cash equivalents	-	-	-	-
Trade and other payables	-	-	-	-
Borrowings	-	-	-	-
Net exposure	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>
Year ended 31st December 2024				
Cash and cash equivalents	-	-	-	-
Trade and other payables	-	-	-	-
Borrowings	-	-	-	-
Net exposure	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>

Management consider that an appreciation/depreciation of all foreign currencies against the Kenya Shilling of 10% in the year ending 31st December 2025 is reasonably possible. Since there is no foreign currencies, there is no estimated appreciation/depreciation against the Kenya Shilling by the said percentages, hence, no post tax profit exposure.

NOTES (CONTINUED)

b) Capital management

The Company's objective in managing its capital is to ensure that it supports the development of its business and is able to continue as a going concern, while at the same time maximising the return to its shareholders.

The Company manages its capital by evaluating the working capital requirements and investment in non-current assets before borrowing:

The gearing ratio at the year-end was as follows:	2025 KSh	2024 KSh
Total borrowings, including lease liabilities	162,371,890	107,871,110
Less: cash and cash equivalents	<u>(7,225,241)</u>	<u>(2,331,086)</u>

17. Deferred tax

Deferred tax is calculated using the enacted rate of 30%, which is the enacted rate applying from 1st January 2025 (2024: 30%). The following are the deferred tax assets recognised by the Company:

Year ended 31st December 2025	At start of year KSh	Credited profit or loss KSh	At end of year KSh
Property and equipment	(10,822,339)	(1,860,972)	(12,683,311)
Unrealised exchange differences	295,604	(393,196)	(97,592)
Right-of-use assets	582,167	(499,000)	83,167
Tax losses carried forward	-	-	-
Net deferred tax asset	(9,944,568)	(2,753,168)	(12,697,736)
Deferred tax asset not recognised	(23,165,694)	-	(23,165,694)
Net deferred tax asset recognised	<u>(33,110,262)</u>	<u>(2,753,168)</u>	<u>(35,863,430)</u>
Year ended 31st December 2024			
Property and equipment	(9,090,971)	(1,731,368)	(10,822,339)
Unrealised exchange differences	-	295,604	295,604
Right-of-use assets	-	582,167	582,167
Tax losses carried forward	-	-	-
Net deferred tax asset	(9,090,971)	(853,597)	(9,944,568)
Deferred tax asset not recognised	(23,165,694)	-	(23,165,694)
Net deferred tax asset recognised	<u>(32,256,665)</u>	<u>(853,597)</u>	<u>(33,110,262)</u>

The deferred tax asset on tax losses has been recognised based on management's projections of future taxable profits that will be available against which the deductible temporary tax losses can be utilised.

18. Inventory	2025 KSh	2024 KSh
Stock in trade	<u>62,469,885</u>	<u>24,238,300</u>
	<u>62,469,885</u>	<u>24,238,300</u>

- Salaries	<u>4,800,000</u>	<u>4,800,000</u>

NOTES (CONTINUED)

24. New and revised financial reporting standards

The Company has not applied the following new and revised standards and interpretations that have been published but are not yet effective for the year beginning 1st January 2024. None of the changes is expected to have any material impact on the Company's financial statements except IFRS 18, which will require changes to the presentation, and related disclosures, of the Profit and Loss Account and the Statement of Cash Flows.

IFRS 18 titled Presentation and Disclosure in Financial Statements (issued in April 2024)

The new standard, applicable to annual periods beginning on or after 1st January 2027, replaces IAS 1 and sets out revised requirements for the presentation and disclosure of information in general purpose financial statements.

IFRS 19 titled Subsidiaries without Public Accountability: Disclosures (issued in May 2024)

The new standard, applicable to annual periods beginning on or after 1st January 2027, specifies the disclosure requirements a subsidiary without public accountability is permitted to apply instead of the disclosure requirements in other IFRS Accounting Standards.

Amendments to IFRS 9 and IFRS 7 titled Amendments to the Classification and Measurement of Financial Instruments (issued in May 2024)

The amendments, applicable to annual periods beginning on or after 1st January 2026, address diversity in accounting practice by making the requirements more understandable and consistent.

Annual Improvements to IFRS Accounting Standards - Volume 11 (issued in July 2024)

The document sets out minor amendments to five Standards, applicable to annual periods beginning on or after 1st January 2026

Amendments to IFRS 9 and IFRS 7 titled Contracts Referencing Nature-dependent Electricity (issued in December 2024)

The amendments, applicable to annual periods beginning on or after 1st January 2026, help companies better report the financial effects of nature-dependent electricity contracts, which are often structured as power purchase agreements.

Amendments to IFRS 10 and IAS 28 titled Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (issued in September 2014)

The amendments, applicable from a date yet to be determined, address a current conflict between the two standards and clarify that a gain or loss should be recognised fully when the transaction involves a business, and partially if it involves assets that do not constitute a business.

Amendments to IFRS 19 Subsidiaries without Public Accountability: Disclosures (issued in August 2025)

The amendments, applicable for annual periods beginning on or after 1st January 2027, provide reduced disclosure requirements for new or amended IFRS Accounting standards issued between February 2021 and May 2024

NOTICE OF THE 1ST ANNUAL GENERAL MEETING (CONTINUED)

Notes

1. SKL Plc has convened and will conduct its 1st Annual General Meeting via virtual/electronic means in line with The Companies Act, 2015.
2. Shareholders wishing to participate in the meeting should register for the AGM by doing the following:
 - a. Dialing *483*901# for all Kenyan telephone networks and following the various registration prompts; or
 - b. Sending an email request to be registered to sklagm@image.co.ke.

Shareholders with email addresses will receive a registration link via email through which they can use to register.

To complete the registration process, shareholders will need to have their ID/Passport Numbers which were used to purchase their shares and/or their CDSC Account Number at hand. For assistance shareholders should dial the following helpline number: (+254) 709 170 000 from 9:00 a.m. to 5:00 p.m. from Monday to Friday. Any shareholder outside Kenya should dial the helpline number or send an email to sklagm@image.co.ke to be assisted to register

3. Registration for the AGM opens on 8th June 2026 at 9.00 a.m. and will close on 26th June 2026 at 11.00 a.m. Shareholders will not be able to register after 26th June 2026 at 11.00 a.m.
4. In accordance with Section 283 (3) of the Companies Act, the following documents may be viewed on the Company's website <https://www.skl.co.ke>
 - a. a copy of this Notice and the proxy form.
 - b. the Company's Annual Report & Audited financial statements for the year ended 31 December 2025.

The reports may also be accessed upon request by dialing the USSD code above and selecting the reports option. The reports and agenda can also be accessed on the livestream link.

5. Shareholders wishing to raise any questions or clarifications regarding the AGM may do so by:
 - a. Sending their written questions by email to sklshares@image.co.ke; or
 - b. Shareholders who will have registered to participate in the meeting shall be able to ask questions via SMS by dialing the USSD code above and selecting the option (Ask Question) on the prompts; or
 - c. To the extent possible, physically delivering their written questions with a return physical, postal or email address to the registered office of the Company at Shri Krishana Overseas Plc, Falcon Road, Imara Daima, Nairobi, or to Image Registrars offices at 5th floor, Absa Towers (formerly Barclays Plaza), Loita Street.

Shareholders must provide their full details (full names, National ID/Passport Number/CDSC Account Number) when submitting their questions and clarifications.

The Company's Directors will provide responses to questions received via the channel used by shareholders to send their questions i.e. SMS (for USSD option), Email, Letters or Telephone call. Questions will also be answered during the meeting.

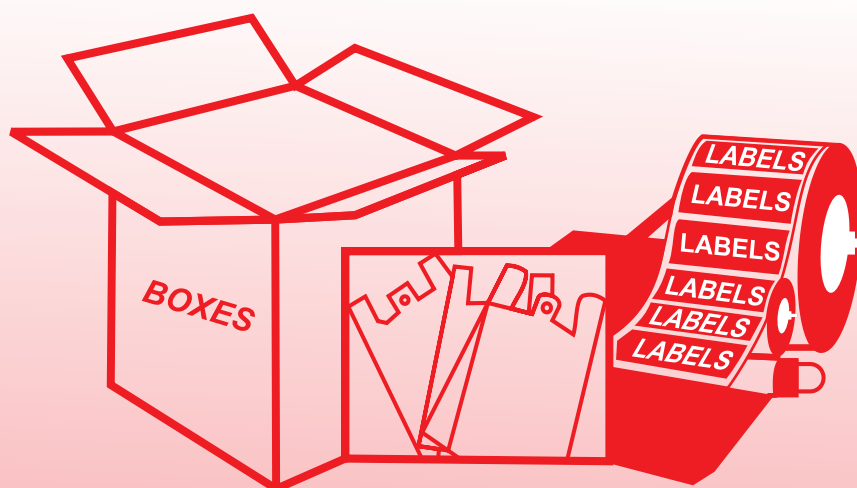

A full list of all questions received, and the answers thereto will be published on the Company's website not later than 24 hours following the conclusion of the meeting.

6. In accordance with Section 298(1) of the Companies Act, shareholders entitled to attend and vote at the AGM are entitled to appoint a proxy to vote on their behalf. A proxy need not be a member of the Company. A proxy form is attached to this Notice and is available on the Company's website via this link: <https://www.skl.co.ke/>. Physical copies of the proxy form are also available at the following address: Image Registrars Limited of ices, 5th Floor Absa Towers (formerly Barclays Plaza), Loita Street P. O. Box 9287 – 00100. Shareholders who do not propose to be at the Annual General Meeting are requested to complete and return the proxy form to Image Registrars Limited, or alternatively to the Registered Office of the Company to arrive not later than 11.00 a.m. on 29th June 2026.

Duly signed proxy forms may also be emailed to sklagm@image.co.ke in PDF format. A proxy form must be signed by the appoint, or his attorney duly authorized in writing. If the appointer is a body corporate, the instrument appointing the proxy shall be given under the Company's common seal or under the hand of an officer or duly authorized attorney of such body corporate.

7. The AGM will be streamed live via a link which shall be provided to all shareholders who will have registered to participate in the AGM. Duly registered shareholders and proxies will receive a short message service (SMS/USSD) prompt on their registered mobile numbers, 24 hours prior to the AGM acting as a reminder of the AGM. A second SMS/USSD prompt shall be sent one hour before the AGM, reminding duly registered shareholders and proxies that the AGM will begin in an hour's time and providing a link to the live stream.
8. Duly registered shareholders and proxies may follow the proceedings of the AGM using the live stream platform and may access the agenda. Duly registered shareholders and proxies may vote (when prompted) via the USSD prompts.
9. A poll shall be conducted for all the resolutions put forward in the notice.
10. Results of the AGM shall be published on the Company's website within 24 hours following conclusion of the AGM.
 - a) Shareholders are encouraged to continuously monitor the Company's website <https://www.skl.co.ke> for updates relating to the AGM.
